We have studied hard all year and done everything that we can to prepare for this chance to show what we've learned. Please help us by ensuring your child gets plenty of sleep, eats breakfast either at home or at school, and is present every day during testing.

MAP testing began on the 19th for some grade levels. Since all testing is done in the Computer Lab, grades 3 through 6 must take turns testing. 3rd grade will complete their testing on April 26th and 27th. The grade level has been divided into 2 large groups. Both groups will be testing Thursday and Friday next week. While one group is testing the other group will be reading and doing activities related to the book, Cloudy with a Chance of Meatballs.
